

Relative L_V^2 error over time t

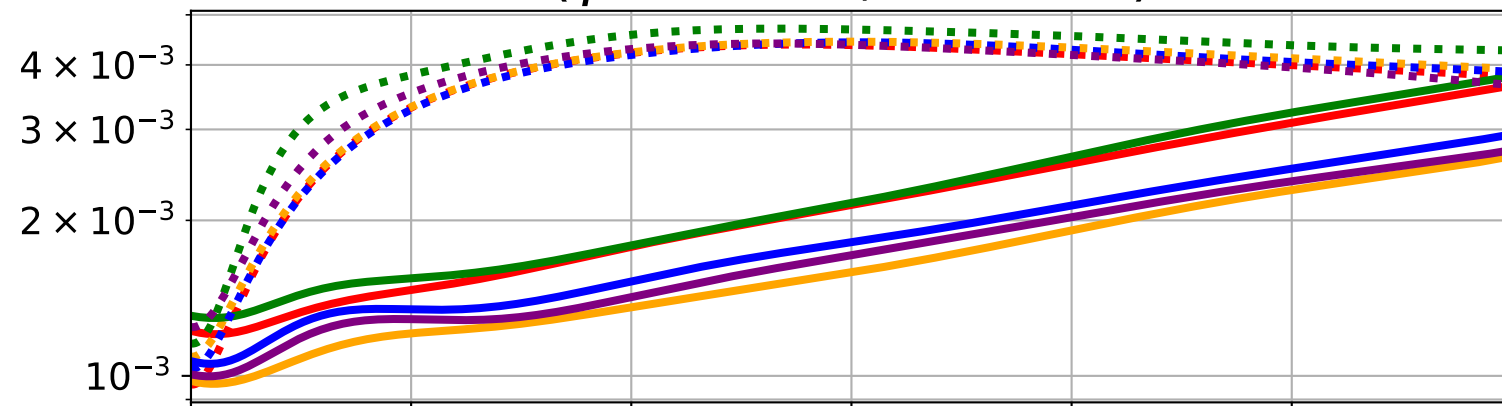

Sum of two Maxwellian distributions
($\gamma = -3.00, \Lambda = 5.00$)

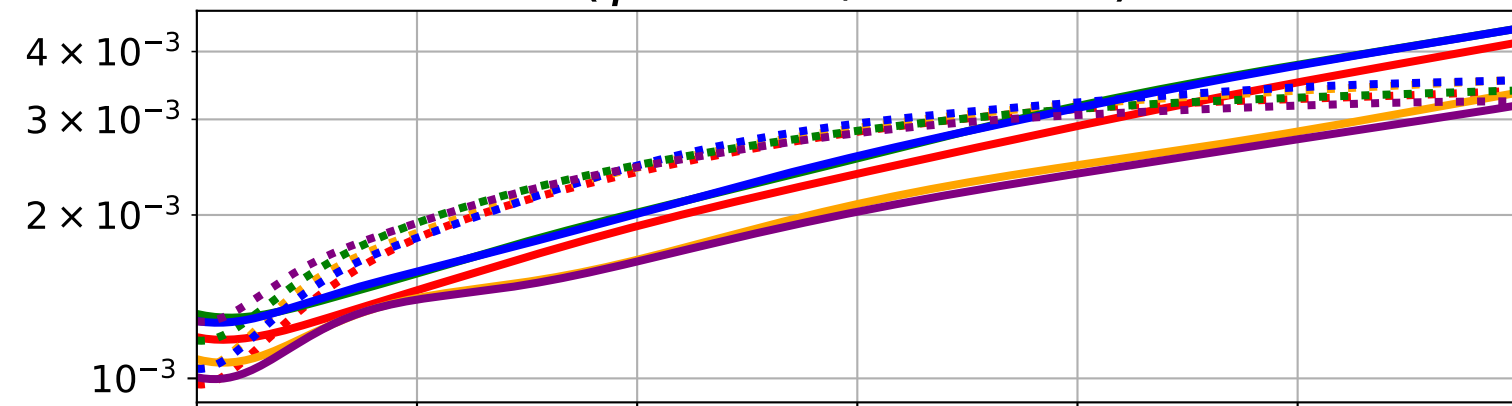

Sum of two Maxwellian distributions
($\gamma = -2.00, \Lambda = 3.00$)

Sum of two Maxwellian distributions
($\gamma = -1.00, \Lambda = 1.00$)

Sum of two Maxwellian distributions
($\gamma = 0.00, \Lambda = 0.31$)

BKW solution
($\gamma = 0.00, \Lambda = 0.31$)
